Look and Feel

In order to achieve the highest possible graphic design quality for your new web site, we'll require the highest resolution images you have for important images such as your logo as well as any specific images you may have that you would like built into the framework of the web site. Please begin gathering these images at this time... we'll ask you to upload them to the project management system once you have your login access.

Briefly describe what images or graphics you expect to have to upload to us:

Please describe the "look and feel" that you want to accomplish with this site (feel free to elaborate!)

Do you have any specific style, colour or font styles in mind for this project?

URL's of web sites that you like the "look and feel" of. Tell us what you like about the site(s).
